I am thankful to this esteemed institution.

School of Management

INTRODUCTION TO FACULTY OF MANAGEMENT

The MBA program is tailored meticulously keeping in mind the industry dynamics and the ever changing economic scenario. The School is a constituent of faculty of Management, SRM Institute of Science and Technology. The School was founded in the year 2007, with the objective of training young men and women who would effectively take up responsibility as Management Leaders, Senior Administrators and Executives in the Industry. SRM School of Management is unique in Management Education with Academic Excellence, Pedagogy and Versatility.

COURSE THAT'S DESIGNED FOR EXCELLENCE:

Designed by experts, management program demands commitment and drive. Enhanced curriculum with flexible electives, a dedicated faculty team and restricted entry make this the cream of management qualification. Apart from a number of skill-based courses, the students are required to take courses on ethics, corporate governance and career development.

Foundation courses impart sound knowledge on the basic disciplines that contribute to management, like statistics, Organizational Behavior, economics and operations research. The students are then progressed to look at management as a holistic function through integrative courses, such as strategic management, corporate leadership and simulation games.

SALIENT FEATURES:

The Faculty of Management is on a progressive path year by year - both in terms of infrastructure and students, with strict adherence to Quality Standards that we have set for Infrastructural Facilities (Class Rooms, Smart rooms, Library, Lab, etc), Specializations Offered, Faculty Support, Project & Research Guidance, Industry Interaction, Placement Assistance, Etc.

Faculty of Management is a Titanic among B-Schools, in terms of student strength and academic infrastructure. It nurtures as many growing managers as possible to reach the realm of success, and is supported with state-of-art infrastructure, qualified and friendly teaching staff and the brand name that have given the right fillip to our growth - that is SRM.

Courses Offered

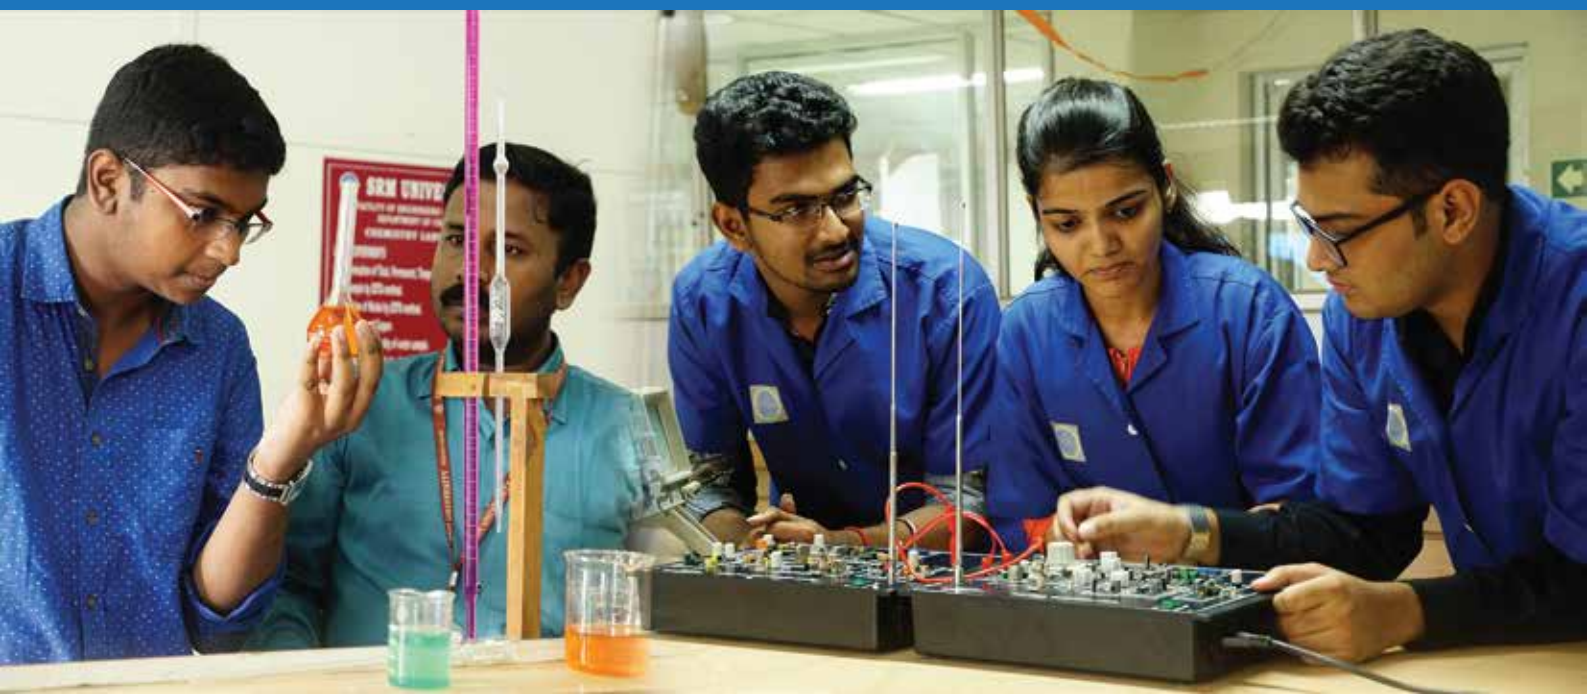
School of Basic Sciences



About the Department

School of Basic Sciences at faculty of science and humanities, SRM institute of science and technology Ramapuram campus committed to imparting high quality education and cutting edge research. The academic programme is designed to meet the requirement of the latest technological developments and envisages to become a state-of-the-art department providing high-quality education and cutting-edge interdisciplinary research. Students of basic sciences are the part of the creation, application, and transmission of new knowledge that they unravel as part of research projects with faculties from the College.

The School of Basic is offering undergraduate degree programs (B. Sc,.) and postgraduate degree programs in Biotechnology, Physics, Chemistry and Mathematics. Course and teaching methodologies are up-to-date with present emerging trends. Students are well groomed and nurtured for career in industries/higher education/research. Curriculum includes extensive interaction with industries through well-designed projects. The School organises events like seminars, workshops, conferences as well as guest lecturers frequently for the benefit of the students.

Courses Offered

- B.Sc. - Bio Technology
- B.Sc. - Chemistry
- B.Sc. - Physics

The Bio lab gives hands on experience to the students in all aspects of the subject. There are live and preserved specimens of plants and animals to facilitate course experiments.

The atom and molecules are the basic unit or components of Chemistry. The study of chemists is always interested in identifying and knowing how the chemical transformation occurs.

In physics class, lab is central. Integral. Sacred. More than a mere place in the back of the classroom, the laboratory is the place where physics students do physics.

Department of Visual Communication

About the Department

Bachelor of Science in Visual Communication (B.Sc Vis Com) is an innovative Graduate program that prepares students for careers in the media Industry or for advanced graduate study.

Bachelor of Science in Visual Communication Program coordinates three distinct approaches to the media: practical application, historical study, and critical analysis. Practical application combines intensive training in Drawing & Painting, Graphic Design, 2D & 3D Animation Softwares, Camera, Light & Audio equipments operation, production design and a professional internship. Historical study focuses on the evolution of the mass media and the relationship of the mass media to society. Critical analysis explores media ethics, analysis and evaluation.

Institute's association with Film Industy, Popular Studios and Media Houses & TV Channels provides an opportunity to students to correlate theory with practical field

State-of-the-Art Screening Hall for viewing World Movies and Student's Short Film Projects

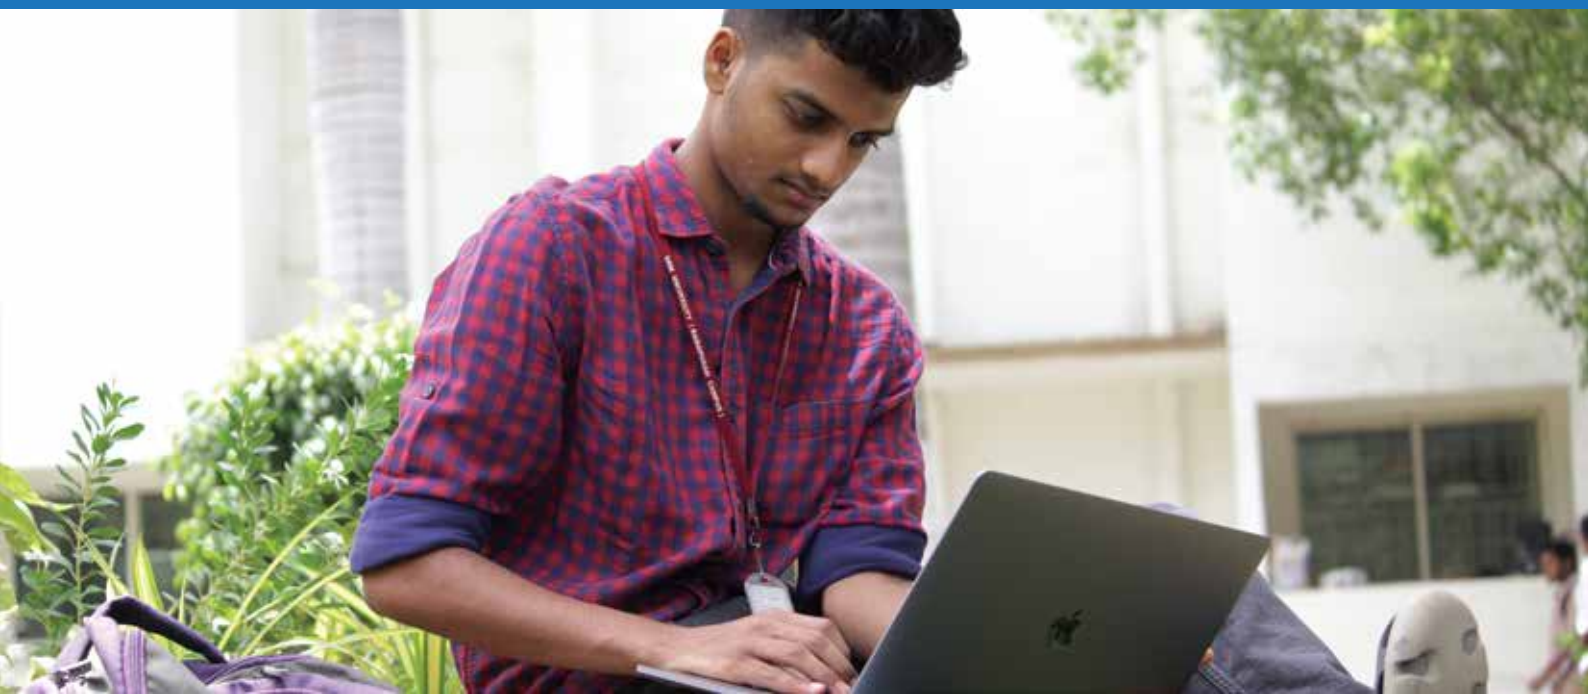
Department of English & Other Foreign Languages



About the Department

Department of English & Other Foreign Languages (EFL) strives at offering a fine measure of innovative and balanced academic program and emphasizes high quality and value-based education. It aims at promoting intellectual growth through opportunities to study language and literature of Tamil, English and French.

The English faculty members are focused on an exclusive study dedicated to learning and understanding the origin of English language and literature. They constantly strive at enhancing the language skills and the confidence of the students. They further groom their personality and prepare them for better career opportunities.

The Department of EFL offers Tamil and French as second languages to students of all disciplines. The language teachers teach the beauty and importance of language and literature to the modern generation. They set out to help the students gain proficiency and command in their chosen language and widen their career goals.

With a team of dedicated teachers and beautiful blend of their creative and methodical instructional knowledge, the department instills the passion for learning new languages. It insists upon maintaining academic excellence and standards to meet the global requirements.

Courses Offered

- **B.A - English**

The Department of English and Foreign Languages has a well-stocked library catering to the varied interests of students and faculty. The collection ranges from preparatory books for exams in English proficiency (TOEFL, IELTS, BEC and so on) to books on man-management i.e., Philosophy, Ethics, Religion etc.

The Language Laboratory is equipped with 60 computers, LCD projector, television set, CD players and necessary software which aid in the development of LSRW skills in English and the other foreign languages. The Language Laboratory also has an area outfitted with a lectern and sound system, earmarked for presentations and group discussions. With a view to motivating the slow learners and enhancing their communication skills a multi media laboratory has been set up with internet and online facilities. This also helps to train students who appear for TOEFL, IELTS, GRE and other competitive examinations.
