The UGC and AICTE approved SRMIST at Chennai Ramapuram was established in 2004. It offers undergraduate, postgraduate, and doctoral programs in Science and Humanities, Engineering, Architecture, Management and Dental Sciences. The Faculty of Science and Humanities offers UG, PG and Ph.D programmes at 19 department with around 7500 students, 250 faculties and 100 research scholars. This 2-acre campus features state-of-the-art infrastructure, including smart classrooms, modern labs, and a well-equipped library. It has gained widespread recognition through emphasizing innovative teaching, global research links, student exchange programs and industry collaborations.

ABOUT THE DEPARTMENT OF BIOTECHNOLOGY

The Department of Biotechnology, Faculty of Science and Humanities (FSH), SRMIST at Chennai Ramapuram was established in 2019. It offers B.Sc., M.Sc., and Ph.D. programs in Biotechnology with a research-oriented curriculum covering basic to advanced concepts. Equipped with state-of-the-art labs and infrastructure, the department provides a high-quality learning environment that combines theoretical and practical knowledge for students' holistic development. With experienced faculty publishing in high-impact journals, the department hosts scientific events like conferences, seminars, and workshops, fostering education, research, and industry connections in Biotechnology.

ABOUT THE CONFERENCE, ICBEST-2026

Biotechnology in this decade has brought remarkable advancements in the areas of environmental protection, enhanced crop yields and improved human health. The ICBEST-2026 is organized by the Department of Biotechnology (FSH), SRMIST, Chennai Ramapuram association with the Universiti Sultan Zainal Abidin (UniSZA), Malaysia, INTI International Universities and Colleges, Malaysia, University of Jember, Indonesia and Laureate Institute of Pharmacy, India. This conference features both physical and virtual sessions that bring together leading experts and participants from diverse biotechnology domains. Covering both fundamental and applied aspects, the conference aims to highlight cutting-edge research and innovative solutions that promote sustainability, enhance quality of life, and protect nature – making it a must-attend event for anyone invested in the future of biotechnology.
